1. Between 9 a.m. and 2:30 p.m. on 3 July 1951, Wiener Neustadt (O 48/X 35) airfield was occupied by 34 jet fighters with considerably swept-back wings and 36 fighters with in-line engines and four-bladed propellers. The red numbers 760, 764, and 769 were seen on three jet aircraft. Two jet planes made local flights of about 10 minutes. The slow speed at the take-offs and landings was conspicuous. There were two rows of spotlights on the landing field. One row had six and the other had seven lights. Motor vehicles seen at the field included [REDACTED] and weapon carriers [REDACTED]
